

INTEGRATED WATER & STORMWATER INFRASTRUCTURE SYMPOSIUM

The National Council for Public-Private Partnerships (NCP3P) on behalf of the U.S. Environmental Protection Agency and the Chesapeake Bay Green Streets, Green Jobs, Green Towns Grant Program is convening the inaugural, Integrated Water and Stormwater Infrastructure Symposium (Symposium) on Thursday, November 1. The Symposium will bring together practitioners and experts from the public, private and nonprofit sectors to identify and highlight the challenges to building and modernizing stormwater and water infrastructure with a focus on integrated development, public-private partnerships, and other alternative delivery models that emphasize community development and participation. Raise your visibility within the field by sponsoring the Symposium.
